The mission of Cosmopolitan International is to contribute to community well-being through charitable donations and volunteer service, with special emphasis on supporting efforts to prevent and find a cure for diabetes.
Executive Director Article

Life just seems to be moving faster and faster! Here we are, just a couple of months out from our 2022 International Convention in Sioux City, IA. The convention team has put together a great schedule, and we are housed in a Marriott Hotel called ‘The Warrior Hotel.’ It was completely renovated over the past several years and is a fantastic facility.

The convention schedule is posted on the Cosmopolitan International website, along with the registration form and hotel contact information. Be sure to register at the hotel as soon as you can. We have a block of rooms reserved, but if attendance exceeds last year’s numbers, rooms might become scarce.

Registration on the website for the convention package became active May 21, 2022. We totally redesigned the registration process for this convention. Members need to select their club on the initial search screen, and then click on the registration icon in the Action column of the display beside their name. If the member has spouse information entered, it will bring up both the member and spouse, and allow them to register together. There is a Help page that explains the registration process as well as a Tutorial video. Both of these have links at the bottom of the search control when you click on the registration picture on the convention page.

Once we migrated our database and website away from ClubRunner, we are now able to dig into the data much easier, and I have some great news to share with our membership!

WE ARE GROWING!

Here are the new member numbers, along with the total membership counts for the past three years. We are now showing a steady growth in our membership!

WAY TO GO COSMOS!

Many of our clubs have shown steady growth because of their involvement in their local communities. The stronger a club is in the local community, the more likely people will want to become involved. I had the pleasure of attending the 75th anniversary of the Columbia Luncheon Club this past April, and was blown away by the history and involvement of that club within their local community. It’s no wonder there are three strong clubs in Columbia, MO! There is an article later in this edition that outlines the accomplishments of this club. The document was presented by the mayor’s office at their celebration.

COVID has prevented us from gathering as an International Organization for the past several years. It is my hope and desire that our Canadian members will have the opportunity to attend this year’s convention in Sioux City, IA. Travel across the border may still be a challenge for some, but it appears that attendance this year for Canadians is a strong possibility.

Looking forward to seeing all of you in Sioux City!

Hello Cosmos!

Wow! Where has the time gone? It seems like just yesterday we were all meeting in Sioux Falls for Cosmopolitan International Convention. I cannot believe that this fiscal year is coming to a close, and my term as Past International President will begin. What a rewarding and enjoyable year this has been. I want to thank each and every one of you for allowing me to serve this charity that I so dearly love.

Looking forward to International Convention 2022 in Sioux City, I am very excited to see my extended Cosmo family once again. Although many won’t be present, they will be with us in spirit and mission. For those of you that will be making the trip to beautiful Sioux City, Iowa, you will be in for a real treat! With outstanding accommodations and a streamlined schedule, there will be ample time to get out, explore, and enjoy this quaint, charming city.

As I have mentioned before, Sioux City is near and dear to my heart. I spent many weekends in Sioux City during my youth. Whether I was playing baseball, shopping, or just going out to eat, as a family we always had a good time in this Northwestern Iowa gem. I hope to see you all there!

We have had many challenges over the last 2½ years with Covid-19. As Cosmos, we have learned a lot about ourselves and our organization. First of all, we are resilient! With travel restrictions, masks mandates, and limitations on public gatherings, we have survived and in most cases we have excelled. Secondly, we have learned to adapt. Zoom meetings have now become the norm. We need to embrace technology in Cosmopolitan International to remain viable and vibrant in our communities. In order to compete with other charities, we need to find a way to stay competitive and relevant. We need to seriously consider how to reach our next generations of Cosmos and leaders of our organization. Lastly, we need to work on our branding, our message, and public outreach. We desperately need to change the mindset of being the “best kept secret” of service clubs. We need to be BOLD in our marketing and make Cosmopolitan International a familiar “household name.” I have been using the tag line “No, it’s not the magazine or the drink - WE are the Cosmos that make a difference!”

Let’s take this club to the next level! Someday soon, we will cure diabetes and then take on a new fight!

I can’t wait to see all of you in Sioux City!

Thanks,

Darin Hartman
International President

ATTEST:

Sheela Amin, City Clerk
In 1965 the Sioux City Cosmopolitan Club was chartered, and through the years they have promoted the club with an antique fire truck. One of the earliest uses of the firetruck was to park at 4th and Pierce Streets where the club members would sell ice cream bars.

Through the years the main function of the firetruck was to be an attraction entered in local parades with members walking next to and riding in the firetruck. Throughout the years there have been at least three firetrucks. The club has spent much time and resources to keep the firetruck in working order. The present truck is a 1934 Ford. The firetruck is yellow, with the Cosmopolitan emblem emblazoned on it.

The Sioux City Cosmopolitan Club firetruck had been temporarily parked because it needed multiple repairs. Before it was parked the firetruck had trouble completing the parade routes. When the truck got good and warm or hot, it would limp rather than run. One club member suggested we ask the parade organizers to have the Stockman Towing Company be the entry in front of us, so they could hoist the firetruck on their towing rig if it decided to quit.

The club considered selling the firetruck, but decided to endeavor to invest in the old and beautiful motor vehicle. With the help of several mechanically-skilled members repairs were made. The engine and brakes were repaired. The wheels were repaired and powder-coated. New tubes were attained for the tires. An electric fuel pump was added.

Some of the members dressed up the firetruck for the Sioux City Holiday Lighted Parade. Those mechanically-skilled members rigged up holiday lights. Oh, did that truck glow as she moved along the route! Our current president, Joe Bousquet, was given some repair cash for using the firetruck as a decoration for another group’s gathering.

The firetruck is not available to respond to Iowa brush fires or spraying water on the top story of the Ho-Chunk Center in downtown Sioux City, but can be seen in front of the Sioux City Cosmopolitan Train Show in March. It is ready for area parades. The firetruck will be present as Cosmopolitan members from throughout North America gather for the Cosmopolitan International Convention in downtown Sioux City, Iowa, U.S.A.

The Sioux City Cosmopolitan Club has invested in a firetruck to promote our club. Also, the Sioux City Cosmopolitan Club has invested in the Sioux City community. But more importantly, the Sioux City Cosmopolitan Club is investing in the needs of those afflicted with diabetes. Our firetruck is a sign and symbol of who we are. The firetruck has needed assistance, a little help from its friends. The community living with diabetes needs a little assistance. May we find a cure for diabetes. May we continue to assist diabetics in need as we gather at the firetruck to ride (or maybe push) it to a cure.

CALLING ALL OFFICERS!
Officers,

I have been involved with the International Board for almost 9 years since Jim Preston was incoming President-Elect (2013.) I have served as Governor of Cornbelt, President-Elect, President, VP of Marketing, and ED. During all of those years, it has been customary for all elected Executive Officers (President, President-Elect, VP of Finance, VP of Membership, and VP of Marketing) to provide articles for each edition of the COSMOTopics magazine.

It has also been a requirement for clubs to submit an article to COSMOTopics in order to qualify for the Big C award. We have averaged two or three articles in each COSMOTopics edition from our clubs.

It is fairly easy to produce an article about your area of responsibility, geared to the topic or content of each issue. I have been doing this for 9 years. Communication from CI to the clubs has been an on-going issue for several years, and this is a perfect example of it. Without articles from our leadership, how do the clubs know what is going on at the international level?

For some reason, in the past year, it has been a real struggle to get Executive Board members to submit articles for each COSMOTopics issue. Our publication has been missing articles in the last several editions from VP of Marketing, and VP of Membership. I sent out two emails requesting articles for the upcoming edition from all Executive Board members, in early April and again in early May. To date, I have not received any articles from the Executive Board members.

The Summer issue is going to press on Monday, 5/16. If I don’t have articles from any Executive Board positions, there will be a blank page indicating that after repeatedly requesting an article, we did not receive an article from that officer. I am getting tired of begging for content. It is the responsibility of each officer to communicate with the Cosmopolitan Members using the COSMOTopics structure. Each of our clubs wants to know what you are doing within your office position for the betterment of Cosmopolitan International. (If you are not working for the betterment of the International Organization, it is time for us to find someone who will serve the organization properly.)

Please pardon my frankness, but the frustration of trying to produce a viable magazine is beginning to take its toll on me. I sincerely hope we all can accept our responsibility to our members and begin working together as a team again.

The mission of Cosmopolitan International is to change the world one person and one community at a time. An application has been prepared to facilitate listing these programs. Applications can be submitted by individual clubs or federations. Once an application is reviewed and accepted as complete, the proposed center/program will be appropriately listed. Applications are available from CI headquarters and are downloadable from www.cosmopolitan.org under Resources, Club and Federation Info.
